FOLLOW UP FARMER OUTLINE

After listening to the story and looking at the pictures of the farm, use the diagram to show what you have learnt.

Farm story that I've learnt about

- Inside the body write down the facts that you know about the farmer.
- Around the body write down the things that you think you know about the farmer.
- Finally colour-code the ideas to show which are linked to the sustainability of the farm, under economic issues (investment and money), social issues (the family and community) and environmental issues (land and natural resources).

Key: Economic issues Social issues Environmental issues
